

## SPECIAL OLYMPICS MONTANA SERVICE AREA

Special Olympics Montana has divided the state into 3 Regions and 12 geographic areas. Volunteers called an Area Management Team (AMT) manage each area. These teams are led by an Area Director who is charged with oversight of the administrative functions of the area guidance to local programs within that geographic area. These Directors primarily ensure that SOMT policies are followed and sufficient fundraising occurs to hold Area competitions, as well as supplement local program financial needs. (CSKT is a pilot project on the Flathead Reservation.)
