Sport-to-Event Ratio Rules

For the 2020 State Summer Games, the following rules regarding the amount of sports-to-events will be enforced as follows for ALL athletes and unified partners:

1. Athletes and unified partners will only be allowed to participate in ONE sport per day.
   a. Within that sport, an athlete may not register for more than two events per day, depending on sport. Some sports will only allow athletes to do one event per day. For questions, see the following rule and specific sport information later on in this packet.
   b. AT MAXIMUM, athletes may do two sports and two events within each sport, available exceptions listed below.

2. Specific rules as follows:
   a. Athletics: Competitors may sign-up for up to four events in athletics, with no more than two in one day. Relays do not count towards a competitor’s total events, so with a relay added, up to five events are possible. If competitors sign-up for three or more events within athletics, they may not compete in another sport.
   b. Bocce: Both traditional and unified doubles will count as one event each. An athlete who participates in bocce, whether they compete in both or only one of the doubles events, may only sign-up for one more sport, with two events within that sport.
   c. Cycling: Competitors may only sign-up for two events.
   d. Equestrian: Competitors may only sign-up for two events. Drill teams do not count towards an athlete’s event total, so with a drill-team added, up to three events are possible.
   e. Golf: Competitors may only sign-up for one event, which will count as one sport, two events.
   f. Gymnastics: Competitors may only sign-up for two events.
   g. Kayaking: Competitors may only sign-up for two events.
   h. MATP: Competitors participating in MATP will not be allowed to participate in other sports without the prior knowledge and consent of the SOMT sports staff.
   i. Powerlifting: Competitors may sign-up for all three events, if desired. If signed-up for bench-deadlift, competitors will be automatically entered in the double combo. If signed-up for bench-deadlift-squat, competitors will be automatically entered in the triple combo. The combos do not count towards athlete’s total events. Regardless of lifts entered, participating in powerlifting will count as one sport, two events.
   j. Soccer: Competitors may only sign-up for one event, which will count as one sport, two events.
   k. Swimming: Competitors may only sign-up for two events. Relays do not count towards an athlete’s total events, so with a relay added, up to three events are possible.

- Athletes may participate in up to **four** events in athletics, if it is their only sport.
- The relays at the end of the day on Friday do not count towards an athlete’s event total.
- Start times cannot be guaranteed for events, so if you need to leave early Friday, be conscious of that when signing up for events.
- There will be a designated team area for tents. For those locations, view the relevant venue maps.

➢ All bocce games will have a 15-minute time limit, or if one team reaches the scoring limit of 12 points in a game.

➢ Be sure to register your athlete in the proper event. For example, if an athlete is registered for course play, they will not be able to enter skills and will be disqualified.
➢ Athletes may only enter one event. That one event is an “all day” event and will count as two events towards their event total.
➢ Each alternate shot team consists of 1 unified partner and 1 athlete.
➢ Cart usage is prohibited, except in cases of legitimate physical need. In those cases, the SOMT Sports Department must give explicit permission before the usage is allowed. Contact the Sports Department with a request for cart usage.
➢ When submitting scores for golf, please include total score (average of strokes taken) and par for the practice course the competitor was scored on. Individual skills and course play worksheets are available for usage. See the SOMT State Summer Games page for a downloadable link.
➢ For 2020, divisioning will be based on competitors’ adjusted stroke score (AS). The AS aims to account for variances in practice course pars and difficulties. The AS is found by—Average Strokes Taken divided by Course Par equals Adjusted Stroke Score.

Location: Hickory Swing Golf Course. 1100 American Ave

Dates and time:

Level 1 - Individual Skills Competition
10:00am-12:00pm Level 2-5 – Singles/Alternate Shot 9 or 18 hole
10:30am – 4:00pm Level 1 - Individual Skills Competition

Events:

Level 2 – Unified Sports Alternate Shot Team Play Competition – 9 hole
Level 3 – Unified Sports Alternate Shot Team Play Competition – 18 hole
Level 4 – Individual Stroke Play Competition – 9 hole
Level 5 – Individual Stroke Play Competition – 18 hole

The following criteria should be followed during competition and when moving between levels.

a) It is recommended an athlete and partner to have completed an Individual Skills Competition with a total score of at least 60 points to participate in course play. In addition, it is also recommended the athlete score 10 points or more in at least four out of the six skills, with one of the four scores of 10 being in either the wood or iron shot. The athlete should also achieve a minimum of five points in the two skills that total less than 10.
b) The following are maximum recommended entry averages for each level of competition:
   • Level 2 – stroke average of 75 or lower (team score)
   • Level 3 – stroke average of 120 or lower (team score)
   • Level 4 – stroke average of 70 or lower
   • Level 5 – stroke average of 120 or lower
c) When considering moving up in levels, the following scores are the recommended averages the athlete/team must have when practicing:
   • Level 2 to Level 3 = stroke average of 120 or lower (team score)
   • Level 2 to Level 4 = stroke average of 70 or lower (athlete only score)
   • Level 3 to Level 4 = stroke average of 70 or lower (athlete only score)
   • Level 3 to Level 5 = stroke average of 120 (athlete only score) or lower
   • Level 4 to Level 5 = stroke average of 120 (athlete only score) or lower
d) It is strongly recommended that athletes competing in Levels 4 and 5 provide their own caddies for tournaments and competitions. As per the USGA, a caddie is defined as “one who assists the player in accordance with the Rules, which may include carrying or handling the player’s clubs during play.”
